This journal has been funded by the Health Programme of the European Union. Neither the European Commission nor any person acting on its behalf is responsible for the use, which might be made of the information contained herein. The views in this publication are those of the authors and do not necessarily reflect the policies of the European Commission.
Tobacco Prevention & Cessation is an open access, peer reviewed online journal that encompasses all aspects of tobacco use, prevention and cessation that can promote a tobacco free society. The aim of the journal is to foster, promote and disseminate research involving tobacco use, prevention, policy implementation at a regional, national or international level; disease development/progression related to tobacco use; and the treatment of tobacco attributable disease through smoking cessation.
